HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN

Ensure your colleagues’ workplace wellbeing

The course provides participants with the skills and knowledge to enable them to fulfil the role of Health and Safety Representatives (HSR), as set out in the Work Health and Safety Act, 2011. A HSR must have undertaken this training in order to issue a Provision Improvement Notice (PIN).

LOCATION/S
Toowoomba

Units
There are no formal units in this course. The aims of this course are to provide HSRs and deputy HSRs, elected under the new WHS legislation, with information and skills relating to:

- overview of the WHS legislative framework
- duties of various parties
- key WHS terminology
- the role of WHSQ and penalties for non-compliance
- requirements and mechanisms for consultation in the workplace on work health and safety issues
- the role, entitlements and protections available for HSRs and Health and Safety Committees (HSCs)
- resolving workplace health and safety issues through negotiation and conflict resolution
- identifying hazards and ways in which they can be eliminated or minimised
- incident notification and investigation
- issuing Provisional Improvement Notices (PINs) and directing unsafe work to cease

Disclaimer
The elective units available may vary between locations, delivery modes and intakes.
