OPEN DAYS PROVIDE VALUABLE INSIGHTS FOR SCHOOL STUDENTS

More than 150 high-school students attended the TAFE at School open day in Ipswich last Tuesday to experience and gain valuable insights into vocational education and training (VET).

“Every day TAFE Queensland South West helps school students write their own success stories, and open days are an excellent opportunity for students to explore different study and employment pathways,” said TAFE at School Manager Sorita McGrane.

“Our open day is not about deciding then and there what they’re going to study, it’s about helping students explore their options and setting them up for success in the future.”

School students who are interested in a TAFE at School program are encouraged to speak to their school guidance officer or VET coordinator for more information.

For anyone else interested in exploring their study options, you can book a campus tour at any time by calling 1300 914 754 or visiting www.tafesouthwest.edu.au.
