10 TIPS TO ACHIEVE THE PERFECT ROMANTIC HAIRSTYLE

Want to turn heads this Valentine's Day with the dreamiest hairstyle, but not sure where to start?

When creating a modern romantic style look at what is popular on the red carpet: soft modern curls and texture.

Still need help? Here are 10 tips to achieve the perfect romantic hairstyle with ease courtesy of TAFE Queensland South West hairdressing teacher, Sarah Courtney...

- 1) Prep your hair correctly by blow drying a soft hold mousse into the hair prior to styling. This will give volume, hold and longevity to the style.
- 2) To give more lift at the roots you can use texture or volume dust to help create a base for back combing or teasing.
- 3) Use sectioning clips to take small sections when curling. The smaller the section, the tighter the curl.
- 4) If you like a softer curl, make sure your curl is firm and tighter to start with by taking small sections, and then comb out with a wide tooth comb.
- 5) A soft curl style can also be turned into a soft loose braid or half-up and half-down look.
- 6) To create a messier, tousled look you can spray a light shine to smooth and re-comb OR use more texture dust.
- 7) For more body and texture to the ends of your curls, use a wide tooth comb to back comb the end up.
- 8) A light hold hairspray will allow more movement and bounce to your style.
- 9) A nice head piece or floral crown can make a simple style more formal and elegant.
- 10) Don't forget you can recycle your curls to a softly swept upstyle the next day.
